

How does it work? English

TaalCompleet comprises a book and the **ELO**: this is the website where you find online assignments. To work well with the programme, you need a computer, tablet or smartphone.

How does the ELO work?
You'll find a sticker with explanation in your book:

Ben je **docent**? Dan krijg je een andere toegangscode.

Heb je al een login en wachtwoord?	Heb je nog geen login en wachtwoord?
<ol style="list-style-type: none"> 1. Ga naar www.taalcompleet.nl. 2. Log in met je login en wachtwoord. 3. Klik op Home. 4. Typ je toegangscode: 	<ol style="list-style-type: none"> 1. Ga naar www.taalcompleet.nl. 2. Typ je toegangscode:

Assignments

Always start working in the book. Don't start in the ELO. At the end of a topic, you'll see this:

Ga naar www.taalcompleet.nl en maak de opdrachten bij 1.3. **

You can go to the ELO now. You can also move on to the next subject in the book. In that case you have to make the assignments in the ELO later.

Questions

There are several types of questions. You have to choose, write or drag the correct answer.

There are also listening questions. You have to click the small triangle to hear the question:

Progress

You can do all assignments just once. After finishing, you see how many mistakes you made:

This assignments is finished: your score is 67%.

This assignments is partially done. You can finish it.

You still have to do this assignment.

TaalCompleet works fine on a tablet or smartphone:

You can work in the browser **or** use the corresponding app. You have to download this app.

Support language

There are blue words in the book. Have a look:

Dit is de familie Van Dam.

You can look up these words. The glossary in the ELO is available in 15 languages.
